Damiano Perrella

Masters of Architecture Candidate
Politecnico di Milano

about

Passionate designer and researcher with interests in urban violence, sustainable development, and ecological restoration. Completed and managed projects in both the public and private sector. Distinguished violinist, an avid marathon runner, and an enthusiastic learner.

education

Master of Architecture
Politecnico di Milano, Milan, Lombardy, 2025-present

Bachelor of Architectural Studies, Minor in Business
Carleton University, Ottawa, Ontario, 2022

proficiencies

CAD (AutoCAD, Revit, Sketchup, Rhino, Grasshopper)

Rendering (V-Ray, Enscape)

Adobe (Photoshop, Illustrator, InDesign, Premier Pro)

Client Communication (Fluent in English, Italian, and French)

work experience

Researcher
Politecnico di Milano, Milan | Feb 2026 - Present

- Collaborated on a major Italian architectural history project which investigated the infrastructural reconstruction efforts after an earthquake in Irpinia in 1980
- Contacted and interviewed primary sources demonstrating independent project management which aided the research team to accurately connect historical events
- Conducted archival research in Milan, Naples, and Lioni and digitized archives helping to grow and strengthen available academic literature which helped support remote teams
- Analyzed, criticized, and interpreted various architectural projects by Aldo Rossi, Paolo Portoghesi, Giorgio Grassi, and others which extended personal and academic knowledge of architectural history and theory in Italy during the 1980s

Junior Designer
Madera Surfaces, New York City | Feb 2022 - Oct 2023; Jun 2024 - Sept 2025

- Prepared and developed schematic designs, drawings, and models for luxury residential, office, and commercial projects ensuring ADA and DOB compliance
- Created and reviewed construction and millwork drawing packages with engineers, interior designers, and contractors to troubleshoot problems in projects ranging from 500 sq.ft. to 10,000+ sq.ft., notably several Brooklyn Brownstone renovations
- Produced millwork drawings and interior details by employing knowledge of traditional building techniques and wood construction
- Collaborated with senior designers to propose and formalize innovative design concepts and refine existing design documents and ideas
- Attended trade shows and design events while developing and maintaining professional relationships with brand reps and fellow designers

Junior Interior Designer
Studio Munay, New York City | Oct 2023 - Jun 2024

- Produced high-quality presentation renderings using AutoCAD, Enscape, and Rhino and employed Photoshop proficiencies to enhance visual materials for client presentations
- Prepared comprehensive drawing sets and specification binders to communicate design concepts and specifications effectively using AutoCAD, Rhino, and Enscape
- Conducted extensive research on textiles, furniture, and stone materials by acquiring vendor samples while managing the materials library, facilitating informed design decisions and ensuring project alignment with client preferences
- Developed designs, including high-end residential, commercial, furniture, and FF+E plans, while coordinating with mechanical, electrical, and plumbing elements for practical space management and use
